## Easy Oche for HOCHÉ !

GRAN Soft Oche allows you to set up your Oche easily and safely at home!

### - Selectable from 2 types

**Velcro type**, which is the most suitable for dart mats and carpets, and **adhesive gel type**, which is the most suitable for wooden floors.

### - The same soft material as the sofa

You don't need to worry about getting injured or stepping on your feet. This item is perfect for playing in your home with barefoot.

### - Core material is firmly supported

A support material is used on the front side of the Oche. When the player steps out and he can feel the strong support from the Oche.

If you have an Oche, you can concentrate on throwing without worrying about the position of the foot. Make & enjoy a real dart environment at home with GRANBOARD and Soft Oche!
